Re: PUBLIC COMMENT FOR THE WRIGHT  
PETITION (CC Docket #96128)

Subject: GROSS DELIBERATE  
PREDATORIAL INFINGEMENT  
UPON CONSUMERS FIRST  
AMENDMENT RIGHTS

Dear Chairman Mr. Genachowski :

When calling my outside support infrastructure such as; Every immediate family member, relatives, and friends' numbers that was once activated/approved by Sci-Mahanoy's tele-communication site administrator suddenly is blocked from my outgoing both, collects and often direct/pre-paid calls. This ongoing Gross, deliberate, Arbitrary abuse of consumer telephone exploitation that's being inflicted upon both, the incarcerated, our families and when I (petitioner) that often need to call attorneys, violate our/prisoners' (and love ones) First Amendment rights, (Byrd vs. Goord ).

Both, T-Netix, and Global tel\*Link customer service personnel been infringing on my outside support team by forcing them to pay exorbitant phone rates for me to call all of them yet, I'm currently incarcerated less than one-hundred (100) miles from the county of Philadelphia in-which I was convicted.

The "above-sated" been in place since the past three (3) years. I'm enclosing an exhibit (Institution's Telephone System Discrepancy Form) with response attached Dated: TUES. NOV. 2011.

I obtained your address from my previous Prison Legal News (NOV. 2012 Issue). A copy of this is being forwarded to my family members that been compelled to open accounts with Global tel\*link.

I PATIENTLY AWAIT A POSITIVE OUTCOME WITH A SIGNIFICANT AFFORDABLE  
COLLECT CALL PRICE REDUCTION.

WASHINGTON DC. 20544

JANUARY 30, 2013

DEAR MR. CHAIRMAN:

I'D LIKE TO OFFER MY COMMENTS  
ON THE PRISON PHONE INJUSTICE.

MY PARENTS ARE MY MAIN SUPPORT,  
THEY ARE BOTH RETIRED AND LIVE  
ON A FIXED INCOME, I CONSIDER  
MYSELF FORTUNATE TO HAVE BOTH  
OF THEM THERE FOR ME. NO ONE  
UNDERSTANDS MORE THAN MYSELF, I  
AM SOLELY RESPONSIBLE FOR MY  
BEING IN PRISON, YET THEY ARE  
BEING PENALIZED FOR WAITING

TO SPEAK WITH ME REGULARLY. I JUST RECENTLY TRANSFERRED CLOSER TO HOME TO EASE THE FINANCIAL BURDEN ON MY FAMILY, MAINLY COST OF COMING TO URCIF AND I HAD HOPED PHONE CALLS AS WELL. THIS WASN'T THE CASE, IT'S ONLY ABOUT 60 MILES FROM HOME, YET THEY STILL PAY THE SAME AMOUNT PER PHONE CALL APPROX \$6.00 FOR A 15 MIN PHONE CALL NOT TO MENTION HAVING TO HAVE A PRE-PAY ACCOUNT W/ GLOBAL TEL-LINK, MY FAMILY TELLS ME THAT THE WEBSITE IS NOT VERY USER-FRIENDLY.

I HAVE THE OPTION OF PURCHASING PRE-PAY TIME FROM THE COMMISSARY AND CALLING THEIR CELL PHONE, NOT ONLY IS THIS NO CHEAPER, IF THE BALANCE FALLS BELOW APPROX \$6.00 I CAN'T PLACE A CALL, SO THAT MONEY IS AS GOOD AS LOST. I'VE BEEN TOLD THAT THIRD PARTY PHONE ACCOUNTS ARE PROHIBITED HERE (PA DOC.) AND I'VE SEEN DOCUMENTS FROM

CENTRAL OFFICE WHERE EMPLOYEES  
PHONE CLEARANCES WERE DISCOVERED  
FOR USING THESE TYPES OF THIRD  
PARTY PHONE PROVIDERS. PA. D.C.  
RECEIVES SOME 46% IN KICKBACKS  
FROM GLOBAL TEL-LINK AND THE  
CABLE TELEVISION PROVIDER AS WELL  
CORRECTIONS CABLE INC.

ANY FEDERAL ORGANIZATION  
WOULD BE CRIMINALLY LIABLE FOR SUCH  
A PRACTICE, YET 50,000+ FAMILIES  
ARE SUBJECT TO THIS UNFAIR  
PRACTICE. I'M HOPING MY VOICE  
CAN BE ADDED TO THE MANY YOU  
HAVE ALREADY HEARD AND FORCE  
A CHANGE IN THIS PRACTICE.

SINCERELY,

Dear Chairman Genachowski,

My name is Eustiquiano Soto. I am an inmate in the North Carolina Department of Public Safety Division of Prisons.

I am writing to request your assistance in lowering the price of telephone calls from North Carolina State Prisons.

I mainly call my mother who is elderly and single and she does not have the financial means to afford these expensive telephone calls. My mother lives in New York so I cannot see her for visits more than once per year at the most, so the phone is the only way she can hear my voice and she cannot even afford for me to call her. Please help me with this problem sir.

Thank You,

Eustiquiano Soto

Dear Chairman, Julius Genachowski

"This is a public comment for the Wright Petition (cc Docket # 96-128)".

My name is Mike Lam, I'm currently incarcerated at Buckingham Correctional Center, in Virginia. I've been incarcerated since 1996 and have experienced every and all changes and we are currently going through a few more along with new changes to our current G.T.L. phone system.

Sometimes it's hard to see things from someone else's shoes. We have to look at everything as a whole, before we can judge one way or the other. Because trying to understand the burden being suffered by others isn't hard to see or understand when seen in its entirety. Here it is in a nut-shell.

In Virginia, the first thing we lost was a free stamp per week, we started paying medical payments for both medical and dental, after a law had passed to do so, without a law being passed, we started getting fines

II

for anything and depending on whether you are black or white or your crime and for whether the go is black or white and how they feel that day, your fine can and will ~~cost~~ cost you anywhere from 0 - to ~~12.00~~ \$12.00 dollars and that's without a law being passed to do so,

We have a \$25.00 saving account that you receive upon your release from prison, except that changed and someone decided a person didn't have much of a start with \$25.00, so 10% is taken out of any and all money received by the inmate whether a wage earning or a gift from a loved one, see that amount reaches \$1,000.00 One Thousand Dollars, per inmate, state wide, times 12 months in a year, the interest on that money goes to the D.O.C. [ Now, child support enforcement can only take a wage earning from an inmate, money sent in as a gift, child support enforcement can't take, if you don't have a job, can't take your money, But, the D.O.C. has it set up that the 10% can be taken regardless of whether it's a wage earning or a gift from a loved one - Basically to hell with a child's needs, "Crazy, hu!!" ].

#

Inmate commissary has been taken over and monopolized by the Keepe company, everything has all but doubled, Yet inmate pay hasn't raised a penny, the pay scale we're currently under was implemented in 1986, still the same today. Our commissary fund, our gain, was used for rec. equipment and for the inmate, that has changed over to the general fund to be used by the institution for whatever, it now buys dump trucks, snow plows tractors, hay bailors, I asked a  $\frac{1}{2}$ , what's the new hay bailors for, he stated; to bail hay, I said; we don't eat hay, he stated; that's for the cows, we don't eat beef on our trays anymore, that's a special occasion meal, like an ~~own~~ audit, or <sup>as</sup> we say "a Big Hat" then a good meal will appear, everything was sold, we all kept getting bean trays, tractor trailer loads of that meat was thrown away. There no more apple sauce, peas and carrots, peas and corn, no soup, foods not much.

We also lost a legal allotment of, in near or around, equal to 10 stamps, years ago  
\$3.20.

I remember our lockdowns all fell on

III

5 week pay periods. We use to get 40 hours for work, they split the ~~workers~~ workers into two groups, A break and B break, the same shifts as the '60's', our hours cut back to 30, for about 7 months then, we went back to 7 days a week but still lost those 10 hours, and that's to this very day, yet all of our paperwork, state law, still says 40 hours, if you work and go to school, the institution has covered the paper trail.

Our pay use to be held an extra 2 to 3 weeks, to draw interests on the money before we could spend it. That's changed for the better of the inmates. Our lockdowns still fall on 5 week pay periods.

G.T.L. as of September of 2012, started enforcing a pre-paid account and blocking ~~people~~ inmates calls to force family and/or "Inmate/Family-Funds" to be sent to G.T.L. and for the purpose of G.T.L. to gain interest and double profit for a service it's already being paid for.

Monitoring calls started in jails by investigators and has solved alot of crimes, but when it's manipulated, ~~and~~ twisted, rung

1111

out, like a washrag or sponge, "When is enough, enough?"

The lady at G.T.L. told my mother, to remove the block, she had to send a check or morder or pay for by debit card to an address, P.O. Box. My mothers on a fixed income, she sent \$50.00, the block was never removed, she was told to send more money, she sent \$25.00, the phone was turned on, the \$50.00 check was cashed placed in some account, other then mine and I've never been credited or the \$50.00 returned to this day, My mother is 73 years old, in a wheel chair, G.T.L. took advantage of her, I ask that this be placed in the top 10 "so to speak" and for G.T.L. and/or the D.O.C. to go back to basics' we don't need G.T.L., the D.O.C. doesn't need G.T.L., the regional Jails have micro phones, through out the jails, all visiting rooms, monitoring calls is old but obsolete, 2 way, speaker systems and new tech has secured the very reasons, call monitoring was used for!

The jails have all new systems including call monitoring, it's used at that level, by the investigators as a hidden "Snitch".

IIII

at the prison level, it's used by the prison investigators office and internal affairs, to keep down drugs being brought in and to keep watch on the compound period, along with a long line of paid informants.

At the G.T.L. level it's used by a "Separate Entity" as a "Get-Rich-Quick" or "Get-it-while-we-can", for no purpose, other than a financial profit, a gain at someone else's expense, "A-Burden".

The call monitoring should be left at the "Regional Jails and local prisons, for the purposes it was intended for.

The D.O.C. should have a set rate for 50¢, 75¢, ~~or~~ per call, not to be raised or lowered to cover that call monitoring.

G.T.L. should be completely disregarded from the equation.

I pray for you Mr Benachoski to take action and expedite this matter of great importance, and have the \$50.00 returned to my mother.

Respectfully Submitted  
Michael Long

Gentlemen:

The cost of collect long distance calls for my love one cost me from \$6.35 to \$8.75 just to put money on the account to call me. It depends if I put the money on the account by phone or use the internet. They will charge a fee to put it on the account and a fee on using a credit/debit card. So there are two separate fees. The cost of the calls will cost \$8.25 in the state up to \$17.00 for them to call out of state. So we are charge varies fees and cost of the call itself.

It is very important to keep family connection because the visiting days are limited and some of us travel a long distance to visit. Some people are never able to visit because of distance, not able to drive or get someone to take you.

I am asking for your understanding of how hard this is on me and it was been going on since my love one has been in prison. It is financially a hardship on me.
